

## NATO SECURITY INVESTMENT PROGRAMME

### EXTEND RUNWAY AND TAXIWAY AT OERLAND AIRBASE, NORWAY

#### 1. Background

Norwegian Defence Estates Agency (NDEA), on behalf of the Government of Norway, hereby invites firms from NATO member nations to participate in the two competitions for the refurbishment and extension of the runway and parallel runway at Oerland Airbase, Norway.

These two competitions have been published through the European TED database system, which allows firms from most NATO member nations to compete.

At its meeting on 7 July 2015 and on the basis of document AC/4(PP)N(2015)0057, the Investment Committee "at 28C-F" agreed NCB+ as the procurement method. With this notification Norway would like to ensure that firms from all NATO member nations are informed and allowed to participate in the competitions.

#### 2. Scope

The runway extension programme will be described in two separate Invitation for Bid (IFB) documents with the intention to sign two separate contracts:

One IFB document will cover the structural civil works involved in the refurbishment and extension of the runway and parallel runway:

- Removal of the existing concrete runway end
- Establishment of new base layer for the runway and parallel runway extension including drainage works
- Provision of asphalt layer and concrete layer for the extended runway and parallel runway
- Re-asphalting of the remaining part of the runway
- Relocation of the existing arrestor gear system
- Marking
- Relocation of perimeter fence
- Relocation of roads and adjoining aprons as required

The other IFB document will cover relocation and refitting of electrical and electro technical systems:

- Runway and parallel runway lighting – new lighting to be provided
- Approach lighting – existing lighting to be partly reused
- Power and signal cabling including earthing in support of the scope described above

The total estimated cost is EUR 32 Million exclusive of VAT.

#### 3. Participation

Firms who wish to participate in the competition must present their intention to participate to:

Norwegian Defence Estates Agency (NDEA)  
Postboks 405 Sentrum  
0103 Oslo  
Norway  
Attention: Geir Aune

Points of Contact:

Primary POC: Geir Aune  
E-mail address: [geir.aune@forsvarsbygg.no](mailto:geir.aune@forsvarsbygg.no)  
Telephone no: +47 41533722

Alternative POC: Johan Olav Rokstad  
E-mail address: [johan.olav.rokstad@forsvarsbygg.no](mailto:johan.olav.rokstad@forsvarsbygg.no)  
Telephone no: +47 91150722

**no later than 30 July 2015 at 12:00 Central European Time.**

4. Security Issues

Both IFB documents will be classified NATO RESTRICTED. The firms who intend to participate in the bidding must therefore provide to Norwegian Authorities a security evidence proving that the firm is eligible to store and handle classified documentation up to and including NATO RESTRICTED. All persons involved in the bidding process must have a valid NATO Certificate of Security Clearance covering NATO RESTRICTED.

The successful bidder, with which a contract will be signed, will be required to have staff involved in the execution of the contract having a valid NATO Certificate of Security Clearance covering at least NATO RESTRICTED. The management and other key staff which will work at Oerland Airbase during the execution of the contract must hold a valid NATO Certificate of Security Clearance covering at least NATO CONFIDENTIAL level.

5. Timelines

The IFB documents are expected to be issued during second half of August 2015. Bid Closing Date will be announced in the IFB documents.

The contract works are scheduled to start at site during January 2016 and must be completed by 1 August 2017.

6. Distribution of IFB documents

The IFB documents will be issued in paper version in the Norwegian language. In addition the unclassified part of the IFB will be made available in electronic version. Distribution of the IFB will be made through registered mail or courier service.

7. Further information

Further information on the bid process is provided in the invitation issued through the European TED database (enclosed).

### Works

#### Section I: Contracting authority/entity

I.1) Name, addresses and contact point(s)

Forsvarsbygg [The Norwegian Defence Estates Agency]

975950662

Postboks 405 Sentrum

0103 Oslo

NO

For the attention of: Geir Aune

Telephone: +47 81570400

E-mail: geir.aune@forsvarsbygg.no

Fax: +47 23097803

**Internet address(es):**

Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/2668>

Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/130355>

**Further information can be obtained from:** The above mentioned contact point(s)

**Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:** The above mentioned contact point(s)

**Tenders or requests to participate must be sent to:** The above mentioned contact point(s)

I.2) Type of the contracting authority

Ministry or any other national or federal authority, including their regional or local sub-divisions

I.3) Main activity

Defence

I.4) Contract award on behalf of other contracting authorities/entities

The contracting authority/entity is purchasing on behalf of other contracting authorities/entities: no

#### Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract by the contracting authority:

Pre-qualification: Project 150024, Runway extension and Construction, Ørland, v2

II.1.2) Type of contract and location of works, place of delivery or of performance

**Works**

Realisation, by whatever means of work, corresponding to the requirements specified by the contracting authorities

Main site or location of works, place of delivery or of performance:

Ørland, Norway.

**NUTS code**

NORGE

II.1.5) Short description of the contract or purchase(s)

Project 150024 Runway extension comprises and extension of the existing runway and parallel runway, replacement of lighting systems on the main runway, moving of navigational system and brake cable system, establishing of response and operations roads, extending of the existing noise berm, establishment of surface water network and supplying of electrical power.

The contract will mainly consist of:

Groundworks

Laying of asphalt runway surface, parallel runway and spaces

Concrete work runway surface, parallel runway and spaces

Delivery and laying of Surface Water pipes.

Establishment of operational and response roads

Moving of perimeter security

**II.1.6) Common procurement vocabulary (CPV)**

**Main vocabulary**

**45235100 Construction work for airports**

**Supplementary vocabulary**

45235200 Runway construction works

45235300 Construction work for aircraft-manoeuving surfaces

45235310 Taxiway construction work

45112100 Trench-digging work

45112000 Excavating and earthmoving work

45112500 Earthmoving work

**II.1.7) Information about subcontracting**

**II.1.8) Lots**

This contract is divided into lots: no

**II.1.9) Information about variants**

Variants will be accepted: no

**II.2) Quantity or scope of the contract**

**II.2.1) Total quantity or scope:**

See the tender documentation for more information.

Estimated cost excluding VAT: 200000000 NOK

**II.2.2) Information about options**

Options: no

**II.2.3) Information about renewals**

This contract is subject to renewal: no

**II.3) Duration of the contract or time limit for completion**

Starting 01. 10. 2015 Completion 01. 08. 2017

**Section III: Legal, economic, financial and technical information**

**III.1) Conditions relating to the contract**

**III.1.1) Deposits and guarantees required:**

See the tender documentation for more information.

**III.1.2)**

**Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

4

See the tender documentation for more information.

III.1.3)

**Legal form to be taken by the group of economic operators to whom the contract is to be awarded:**

The tenderer shall be a legally registered company.

III.1.4)

**Other particular conditions to which the performance of the contract is subject, in particular with regard to security of supply and security of information**

The tenderer shall, when carrying out the work, have the ability to handle and store (security graded) documentation and information to the level of security given in the contract.

III.2) **Conditions for participation**

III.2.1) **Personal situation**

Information and formalities necessary for evaluating if the requirements are met:

See the tender documentation for more information.

**Criteria regarding the personal situation of subcontractors (that may lead to their rejection) including requirements relating to enrolment on professional or trade registers**

Information and formalities necessary for evaluating if the requirements are met:

See the tender documentation for more information.

III.2.2) **Economic and financial ability**

**Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)**

Information and formalities necessary for evaluating if the requirements are met:

The tenderer shall be creditworthy.

The tenderer must have the economical solidity to implement the contract.

III.2.3) **Technical and/or professional capacity**

**Criteria regarding the technical and/or professional ability of economic operators (that may lead to their exclusion)**

Information and formalities necessary for evaluating if the requirements are met:

The tenderer shall have very good experience and competence with both the management/administration of and execution of equivalent works.

The tenderer must be able to document systems that address the most relevant environmental challenges in the project.

**Criteria regarding the technical and/or professional ability of subcontractors (that may lead to their rejection)**

Information and formalities necessary for evaluating if the requirements are met:

The tenderer shall have very good experience and competence with both the management/administration of and execution of equivalent works.

The tenderer must be able to document systems that address the most relevant environmental challenges in the project.

III.3) **Conditions specific to services contracts**

III.3.1) **Information about a particular profession**

Execution of the service is reserved to a particular profession: no

III.3.2) **Staff responsible for the execution of the service**

Legal persons should indicate the names and professional qualifications of the staff responsible for the execution of the service: no

5

## **Section IV: Procedure**

- IV.1) **Type of procedure**  
IV.1.1) **Type of procedure**  
Negotiated
- IV.1.2) **Limitations on the number of operators who will be invited to tender or to participate**  
Envisaged minimum number 3 and maximum number 8
- IV.1.3) **Reduction of the number of operators during the negotiation or dialogue**  
Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated: yes
- IV.2) **Award criteria**  
IV.2.1) **Award criteria**  
The most economically advantageous tender in terms of , the criteria stated in the specifications
- IV.2.2) **Information about electronic auction**  
An electronic auction will be used: no
- IV.3) **Administrative information**  
IV.3.1) **File reference number attributed by the contracting authority/entity**  
852028
- IV.3.2) **Previous publication(s) concerning the same contract**  
no
- IV.3.4) **Time limit for receipt of tenders or requests to participate**  
04.05.2015 - 12:00
- IV.3.6) **Language(s) in which tenders or requests to participate may be drawn up**  
Other:  
Norwegian.

## **Section VI: Complementary information**

- VI.1) **Information about recurrence**  
This is a recurrent procurement: no
- VI.2) **Information about European Union funds**  
The contract is related to a project and/or programme financed by European Union funds: no
- VI.3) **Additional information:**  
The Norwegian Defence Estates Agency is an administrative body under the Ministry of Defence. Forsvarsbygg [The Norwegian Defence Estates Agency] is one of Norway's largest property representatives and total supplier of property services for the armed forces. Further information on the Norwegian Defence Estates Agency can be found on [www.forsvarsbygg.no](http://www.forsvarsbygg.no).  
The Norwegian Defence Estates Agency has been given the task of constructing a new base for fighter jets in Norway. In short, this assignment involves:  
"A main base for fighter jets shall be established at Ørland, and an advanced operation base at Evenes. The establishment of the fighter jet base includes updated and facilitated EBA for the weapon systems fighter jet, air protection and base defence."

Forsvarsdepartementet [the Ministry of Defence] has given the Norwegian Defence Estates Agency the task of establishing the necessary facilities for the establishment of the F-35 fighter jet base at Ørland and an advanced operation base at Evenes.

VI.5) Date of dispatch of this notice:

3.4.2015
